"The Easter Bilby" by John Williamson

Did you know that Bilbys used to be everywhere
Now there's just a few in Queensland do we really care?

Big long ears, she's no bunny
Like a kangaroo
She can carry chocolate in her pouch
But Grandpa won't believe me
He's too busy snoring
As she tippy-toes around the couch

Chorus:

**Oh we all love the Easter Bilby
Pointy little snout
Close your eyes I'm sure she will be
Sneaking all about (with her)
Yum, yum, yum, yum chocolate Bilbys
Big long chocolate nose
It's Easter so I'm sure she will be
Round on tippy-toes**

But did you know cats and foxes
Eat our little friend
They're nasty and they chase her all about
But you can help to save her
If you buy her chocolates
She carries with her babies in her pouch

Chorus

She comes out after dark
That beautiful little Bilby
She hears you are asleep and tucked in tight
She has such big ears she knows you are dreaming
She'll bring a chocolate Bilby tonight

Chorus
